

TECHNICAL DATA SHEET

AZMOL SOLIDOL G-3

AZMOL SOLIDOL G-3 – grease can be used as summer and winter lubricants in almost all industrial mechanisms, friction units of vehicles, agricultural equipment, hand tools, in rolling and sliding bearings, hinges, screw and chain drives, low-speed gearboxes.

AZMOL SOLIDOL G-3 provides:

- good lubricity and reduces wearout of bearings;
- less solidification when stored.

MEETS REQUIREMENTS:

NLGI 3; DIN 51502: K3C-25

TYPICAL PROPERTIES:

Index name	AZMOL Solidol	Test methods
Thickener	Ca	
Colour	Light Brown	
Application temperature, °C	-25 / +65	
Penetration, 25°C, 0,1 mm	200-245	ASTM D 217
Dropping point , °C	95	ASTM D 2265

The specified values of the indicators are typical for the results lying within the production standards, but are not an integral part of the technical conditions or specifications. In the manufacturing of batches possible deviations that do not affect performance. The information contained herein is subject to change without notice.
